## Thanksgiving Is...

Thanksgiving is  
a time of gratitude to God,  
our Creator and Provider,  
whose guidance and care go always before us  
and whose love is always with us.

Thanksgiving is  
a time to reflect on the changes around us  
and to remember that we too, grow and change  
from one season of life to another.

So let us pause and remember  
the true meaning of Thanksgiving  
as we gather together to share the feast,  
acknowledging the many blessings which are ours  
through the goodness of our God.

*Wishing all of you, a grace filled celebration  
of this beautiful American Holiday  
as you gather with family and friends alike.  
May a song of Thanksgiving to our God,  
be always in your heart and on your lips.*
